Run-Fit Details:

Run-Fit addresses the specific needs of runners: it enhances strength & dynamic flexibility to prevent knee and low-back pain, shin splints, plantar fasciitis, and other common injuries. Each class includes running drills to improve form and low-to-moderate intensity plyometrics to increase power and agility. **Run-Fit** will make you feel strong and fast for your races and training runs and is perfect for runners of any distance, from 5K's to marathons. **Run-Fit** is designed to improve:

- Muscular Strength & Endurance
- Muscular Balance
- Flexibility
- Overall Fitness
- Running Form
- Mental Toughness

More than just training! Beyond physical preparation, our goal with the La Jolla Half Marathon training program is to create an environment to foster new friendships, provide tools for continued success in and beyond the running community, and (most importantly) **have fun!**

NEW!! Optional Sports Nutrition Program – Properly Fuel for EVERY Workout!
